

BRAINBOX

YEAR IN REVIEW 2023

Which is over
1.1 times to the moon

Or 0.001992 times to Mars

Our team has been working hard covering the world for our meetings, installations, and introductions, with over

278,948 miles travelled

with most miles travelled virtually to keep us as environmentally friendly while keeping in touch with researchers around the world.

Another busy year with

91 new labs installed

and set up and ready to go for 2024.

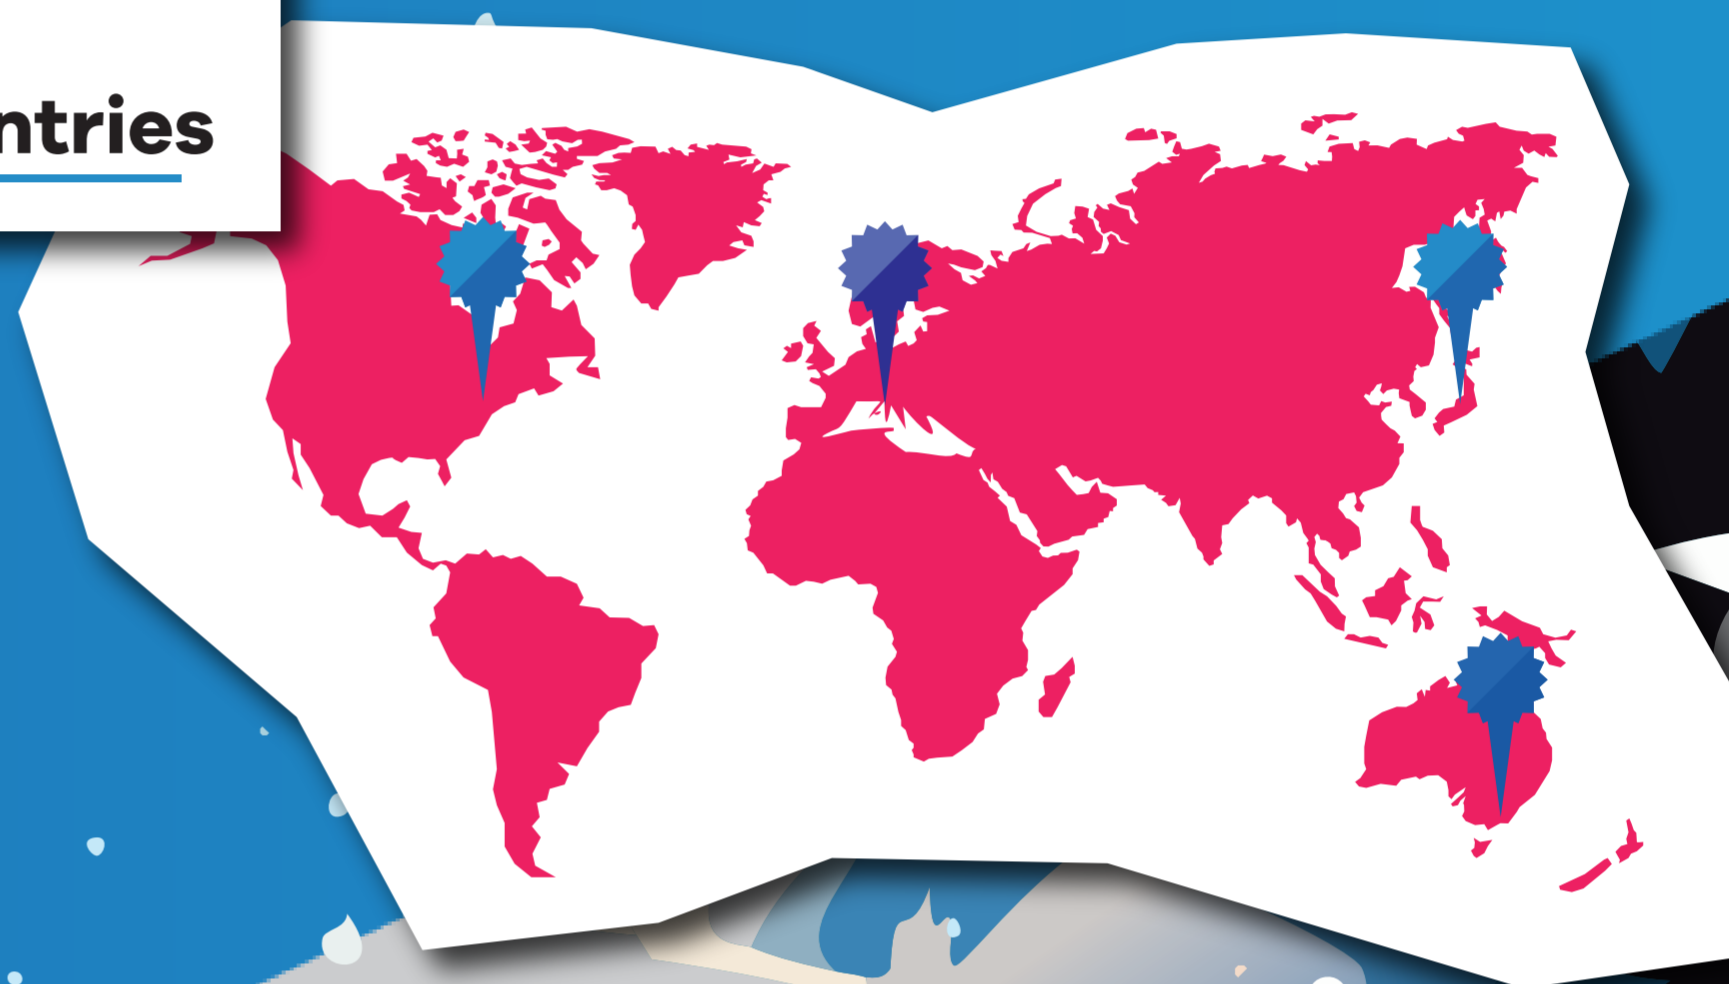

Which all added up to a massive

183,329 minutes

of virtual meetings, training sessions and installations

In
21 countries

We won the MediWales Innovation Award for 2023

brainbox
initiative

Our biggest meeting yet with over

120 attendees

20 speakers

38 poster presenters

With
6
in-person workshops

And over
100
workshop attendees

And of course, all fueled by (approximatly)

3,147 cups of coffee.
(and tea)

BRAINBOX

Your unwavering support, enthusiasm, and collaboration have made this year truly exceptional for us at Brainbox. It has been a pleasure to work alongside such dedicated customers, partners, and colleagues who continually inspire us to push boundaries and strive for excellence.

We are excited about the opportunities that the future holds. Anticipate an array of engaging events, enlightening webinars, and collaborative workshops. Your participation and involvement in these endeavours are what make our community vibrant and thriving.

Thank you for being an integral part of the Brainbox community. We are genuinely grateful for the connections we've made and the experiences we've shared. Wishing you and your loved ones a safe, happy, and rejuvenating holiday season.
